A Diner Restaurant Cooperative

Testimonials:

“Since joining the Pan Gregorian Cooperative of Maryland, we have received rebates from many Manufacturers and better pricing from Distributors. The Pepsi rebate/pricing program is as good, if not better, than any other national chain program. It surely “pays” to join!

-Pete Triantafilos ~ Owner Costas Inn (Dundalk)

“Before joining Pan Gregorian, I was a little skeptical of the organization and it’s objectives, but since then I discovered that I can get rebates and fixed pricing from several manufactures (Pepsi, McCain etc.), that accumulates to big savings. The only way to achieve this is by member participation and that will drive the cost down by creating buying power by volume and simultaneously support the approved vendors that support us. The membership doesn’t cost anything! I can’t remember the last time, prior to joining the group, when I received a fixed price or rebate check from a manufacturer. I may have received good pricing but all manufacturer rebates were kept by the vendors. So, ask yourself when was the last time you received money for flour, dressings, sodas, paper products, pasta, pizza sauces, cheese, groceries, as well as, linens, alarm systems, cable tv, internet, visual/audio services etc.? Try it!

You have nothing to lose, only to gain.”

-John Zoulis ~ Owner G&M Restaurant

An Introduction to Pan Gregorian Enterprises of Maryland, Inc

Pan Gregorian Enterprises of Maryland, Inc. was established in 2003 as a food service cooperative to serve the independently owned restaurant trade in Maryland. PGE was formed by the people who the cooperative was to service, namely the independent restaurant/diner operators of Maryland.

All PGE Maryland Members are independent restaurant/diner owners working together for their common good. PGE's Members represent a unified force to assist each independent operator in maintaining a successful advantage over the ever increasing competition. PGE helps the members by **lowering COSTS and increasing PROFITS** through direct negotiations, and by working together to ensure respect, unity and confidentiality among each other.

PGE has established Rebate Agreements with over 200 Manufacturers whose rebates will be paid to PGE's Members quarterly. Also all PGE Members receive below market pricing from Pepsi, **plus each Member receives rebates PER GALLON of syrup (varies depending on volume) and rebates on each case of bottled or canned beverages.**

As PGE strives to secure for its members the same benefits franchises have enjoyed for years, It also creates a logical start for many vendors to introduce new products and services for our members.

PGE is managed and operated by its members. The Board of Directors is elected from the membership and each is an independent operator themselves.

What is Pan Gregorian Enterprises?

Pan Gregorian Enterprises, Inc. (PGE) is a Food service Cooperative which was formed by people just like you, the independent operator. PGE began in New Jersey, but with success, the concept quickly expanded to Metro New York & Long Island, Upper New York, Connecticut, **Maryland**, North Carolina, South Carolina, Delaware and Pennsylvania.

Recently all the Pan Gregorian groups have joined to become **Pan Gregorian of America** under one umbrella. Presently there are more than 4,000 members and surely will grow to many more.

The goal of Pan Gregorian is to provide our members with low prices and rebate incentive programs from manufacturers and distributors through negotiated National and Local contracts. Pan Gregorian Enterprises of Maryland is a member owned group, where all member restaurants are equal and share on the benefits provided by these programs.
